In addition to all of the free apps that Apple gives to every Mac owner, both the Mac App Store and independent developers provide tools that make using your computer easier — and a little more fun.. But, at 9 PM, 10 PM, or 3 AM, you probably shouldn't be looking at the sun F lux fixes this: it makes the color of your computer's display adapt to the time of day, warm at night and like sunlight during the day.. It will open common formats such as Zip, RAR, 7-zip, Tar, Gzip, and Bzip2 It will also open many older formats, such as StuffIt, DiskDoublor, LZH, ARJ, and ARC.

The Unarchiver also tries to detect and correctly handle the filename encoding in the archives it opens, allowing you to open files from every part of the world without getting garbled filenames.. I use this app most days - it sits at the top of your screen, you click its icon and you can see a full month's calendar.. It is a bit pricey at \$15 on the Mac App store but it gets quite a bit of usage from me.. It will even open other kinds of files, like ISO and BIN disc images, some Windows.. All of these apps are actually used by me Whenever I get a new machine I actually come to this page and download everything! And every so often I go through my apps and see if I regularly use anything that isn't on this list and I update it. [Adobe Photoshop Express Mac Download](#)
